Yesterday the report came that the Frisco mines had been blown up with dynamite. The women and children have been moved from the mining camps to places of safety.

A battle occurred at the Frisco mine and Gen. mine, at the town of Gen, yesterday morning between 5 and 6 o'clock. The fight lasted four hours. Four men were killed—two miners and two guards at the mines. Four were seriously wounded. After the mine was blown up the non-union men in the Frisco mine hung out a flag of truce. Hostilities ceased and about sixty men surrendered. They are now under guard at the miners' union headquarters at the town of Gen.

TROOPS CALLED OUT.

Gov. Pattison Responds to the Demands of the Sheriff.

Eight Thousand Troops Ordered to the Scene of the Homestead Troubles—The Workmen Will Not Resist Them—Frick Warned.

HARRISBURG, Pa., July 11.—The entire division of the national guard of Pennsylvania, about 8,000 men, have been ordered to Homestead to support Sheriff McCleary in suppressing the riots at that place. This action of the governor was taken on receipt of the following dispatch:

Robert I. Pattison, governor, Harrisburg, Pa.: PITTSBURGH, Pa., July 10.—The situation at Homestead has not improved. While all is quiet here the strikers are in control and openly express to me and to the public their determination that the works shall not be operated unless by themselves. After making all efforts in my power, I have failed to secure a posse respectable enough in numbers to accomplish anything and I am satisfied that no posse raised by civil authority can do anything to change the condition of affairs and that any attempt by an inadequate force to restore the right of law will only result in further armed resistance and consequent loss of life. Only a large military force will enable me to control matters. If such a force is sent the disorderly element will be overawed and order will be restored. I therefore call upon you to furnish me such assistance.

WILLIAM H. MCCLEARY, Sheriff. Gov. Pattison, as commander-in-chief of the national guard, at once issued the following order:

George R. Snowden, Major-General, commanding National Guard of Pennsylvania: Put the division under arms and move at once with ammunition to support the sheriff of Allegheny county at Homestead. Maintain the peace—protect all persons in their rights under the constitution and laws of the state. Communicate with me.

ROBERT E. PATTISON, Governor. To Sheriff McCleary the following was sent:

William H. McCleary, Sheriff of Allegheny county, Pittsburgh, Pa.: Have ordered Major-General George R. Snowden with the division of the national guard of Pennsylvania to your support at once. Put yourself in communication with him. Communicate with me as further particulars.

ROBERT E. PATTISON, Governor. General Snowden, with adjutant-general and quartermaster, at once proceeded to formulate the orders for the mobilization of the guard. Some of the troops will be under way early in the morning.

Late last night Major General Snowden issued an order to Brigadier-General Robert P. Dechert, Philadelphia, commanding First brigade, as follows:

In compliance with orders of the commander in chief you will concentrate your command in camp at Mount Gretna by tomorrow (Monday) afternoon and there await further orders. Battery burred. Take with you three days' rations and all ammunition on hand. First troop movement will move on first train available on Pennsylvania road bound east.

An order was issued to the Second brigade to concentrate at a point Gen. Snowden declined to make public (presumably Homestead), and await orders. The Third brigade was ordered to concentrate at Lewistown and move west. Telegrams were sent to all regimental commanders.

The news of the ordering out of the national guard was received at Pittsburgh late last evening and caused much excitement.

The following telegram was received at midnight by Col. W. C. Connelly, Jr., of the governor's staff:

Orders issued for the entire division to move immediately. The Second and Third brigades will rendezvous at Brinton and the Fourth brigade at Mount Gretna to be held in reserve.

W. W. GREENLEAF, Adjutant-General of Pennsylvania. SPECULATION.

HOMESTEAD, Pa., July 11.—Intense excitement was created by the announcement that the Pennsylvania militia, 8,000 strong had been ordered out and would arrive in Homestead today.

Later the opinion was freely expressed by the rank and file that the militia would be received by no hostile demonstration and that an armistice would be declared until after their departure. "But they will have to go away some time," said the leader of a little group near the depot, "and when they do we would like to see them run the mill non-union."

This little sentence expresses as fully as could volumes the situation that will be ushered in by the advent of the militia. As long as this army of militiamen are on the ground there will be no opposition from the strikers, no lawlessness and no violent demonstrations.

Shortly after midnight a hurried call was sent out for a meeting of the advisory committee to consider the attitude which should be assumed toward the militia.

FRICK WARNED.

PITTSBURGH, Pa., July 11.—Mayor Gourley, of this city, accompanied by Chief Brown, of the department of public safety, held a long conference yesterday with Mr. H. C. Frick, chairman of the Carnegie Steel Co. The purpose of this meeting was not made public until today. Mr. Frick was informed by the city officials that should be bring any more Pinkerton or other armed men to this city, either in a body or singly, they would be immediately arrested for trial and their weapons seized. It is said that Mr. Frick told the mayor that it was not his intention to bring more Pinkertons here.

Train Robbers Captured.

GUTHRIE, O. T., July 11.—A telegram was received from United States Marshal Grimes stating that he and his posse had three of the Canadian Texas train robbers in irons, and were close on the trail of the fourth, and would certainly capture him. One of the robbers they surprised near Harrison, O. T., the others crossed into the Chickasaw country, and the officers came up with them about dark. A running fight and steady battle took place for a half hour, and one of the robbers' horses was killed and one of the men wounded, but two more of them were captured, but the fourth got away.
